TO WHOM IT MAY CONCERN

I have known John Patane for almost two years. I came to know John on a professional basis because he is currently designing and supervising the construction of my home in Paradise Waters, Queensland.

As an architect myself and also as his client, I am able to testify to John's dedication to quality in design and commitment to client satisfaction.

John Patane was recommended to me as an architect because of his long experience and his successful architectural projects. After working together with him during these past years, I, in turn, recommend John Patane to anyone seeking an experienced professional architect.

Paul Noritaka Tange

Executive Vice President Principal Architect
